

REHABILITATION

STRENGTHS	CHALLENGES
<ul style="list-style-type: none">○ In some countries services are free of charge○ In some countries good capacity to use local resources○ Ownership (many local stakeholders)	<ul style="list-style-type: none">● Scattered services, difficult access, some times impossible● Weak role of government● Equal opportunities are not available

PSYCHOLOGICAL SUPPORT AND SOCIAL INCLUSION

STRENGTHS	CHALLENGES
<ul style="list-style-type: none">● Traditional support from the family● Availability of peer support and self-help groups in some countries	<ul style="list-style-type: none">● Lack of professional support● Lack of capacity/training● Lack of priority● Unsustainable – short term projects

ECONOMIC INCLUSION

Strength	Challenges
<ul style="list-style-type: none">• Some countries include economic inclusion in their policies• Some governments support indirectly	<ul style="list-style-type: none">• Little commitment and resources to implement the policies• Lack of monitoring, lack of sanctions• Indecent job• Stigma of employers

LEGISLATION AND POLICIES

Strengths	Challenges
<ul style="list-style-type: none">• Some States have policies and national disability laws	<ul style="list-style-type: none">• Not fully implemented, up to survivors expectations• National coordination system needs to be improved

DATA COLLECTION

<p>Strength</p> <ul style="list-style-type: none">• Many stakeholders are involved• A lot of information collected	<p>Challenges</p> <ul style="list-style-type: none">• The data is not shared/centralized• Data not always reliable, lack of access• May be social stigma in declaring disability• No comprehensive information on other persons with disabilities
--	---

FINAL REMARKS

Increase awareness on rights and available services

Improve quality and availability of resources

Improve capacity of staff

Change charity-based

Survivor participation to be improved on all victim assistance
